

2021 marks the 31st year of raising high quality, black-faced sheep at Duff Land and Livestock of Blackfoot, Idaho.

We have consigned 20 head of naturally muscled, physically impressive, genetically consistent, yearling rams to the Wyoming Ram Sale. This year's consignment features 5 Suffolk-Hampshire cross and 15 Suffolk yearlings that have been performance tested. Being $\frac{3}{4}$, $\frac{7}{8}$, or 15/16 siblings, they are genetically consistent. Individual performance data will be available sale day.

These rams are heavy-boned meat machines that are consistently impressive. Because pictures never do sheep justice, we look forward to showing them to you in person. Proven performance and genetic consistency equate to more valuable lambs. Don't just buy a ram, buy a lamb crop.

Promotion ram

We are proud to donate to the Wyoming Wool Growers Association the yearling ram Duff 200035. He is a tremendous yearling ram that can work in any type operation, commercial or purebred. He truly represents the type of ram needed in today's sheep industry, with exceptional muscling, scrotal circumference, bone, and outstanding feet and legs to cover any type of county. His individual performance data will be available soon. Look for our posts at [Duff Land and Livestock on Facebook](#) for more updates between now and sale day.

The WWGA is a tremendous asset to us at Duff Land and Livestock and to every sheep operation in Wyoming and the nation. They are deserving of our time and financial support to continue the great work they do on behalf of the industry. Please support WWGA by participating in the fundraising sale of this excellent ram.

**DON'T JUST BUY A RAM
BUY A LAMB CROP**

**USE GENETICALLY CONSISTENT
RAMS THAT**

- GROW
- HAVE LONGEVITY
- ARE FEED EFFICIENT
- HAVE SUPERIOR CARCASS TRAITS
